SECONDARY EDUCATION

Secondary Education serves many other campus departments that offer secondary teaching majors and minors that lead to certification in grades 6-12. Secondary education is not a major. Students interested in pursuing secondary certification will select a teaching major and teaching minor or enroll in one of the available composite programs. Students successfully completing a secondary education program will be eligible to apply for the grade 6-12 Idaho Education Teaching certificate.

SECONDARY EDUCATION CORE REQUIREMENTS

- Students must earn a C- or better in all secondary education core courses.
- Students must successfully complete a performance-based field experience in each required practicum.
- Students must pass Praxis Content Area Exams for major and minor areas of study in order to qualify for student teaching and certification. Information about which exams to take and content covered can be obtained by going to <http://www.ets.org/praxis> and/or contacting the Advising Center in the college that houses your major.

For information on these majors, refer to the respective section found in the [academic catalog](#) for the department or program indicated.
